Last week's hunting party to the Lake Winder section got back Friday without adventure or venison.

John C. Jones, of Orlando, was circulating among the Democrats of this vicinity the latter part of last week and succeeded in capturing every voter with whom he came in contact.

Joe Wilkinson, the aforetime champion bicyclist of this community, but now a successful truck grower of Dade county, came up last Saturday on a visit to relatives and friends here.

Our next representative in the state legislature, K. B. Raulerson, of Fort Pierce, was a visitor here last Monday and Tuesday attending to business and discussing affairs with his to-be constituents.

Geo. H. Chapman, of Petoskey, Mich., the painter, who has spent several winters here, arrived last Sunday to try another winter in this godly climate. He is eloquent in commendation of William Jennings Bryan and thinks he will win.

A wagon load of people and their effects passing through town Wednesday morning was an object of interest to many. A man, his wife and three children were on their way from the vicinity of St. Augustine to make a home in Dade county near Miami.

S. H. Peck and family arrived by last Monday's train and were met and entertained by relatives here, who were prepared to greet them. Mr. Peck is the proprietor of the well known Plaza hotel at Rockledge and is here to put that popular hostelry in "apple-pie" order for the coming season.

The damage done last Tuesday by two runaways was not at all proportionate to the excitement. In fact, they were not runaways, in the ordinary acceptance of the term, for the horses just galloped along with a wagon attached to each, struck nothing and were stopped without a break, disarrangement or loss of any kind whatever.

Mrs. A. J. Russell, of Jacksonville, widow of the lamented state superintendent of public instruction and prominent free mason, was here several days the latter part of last week soliciting subscriptions for her book, the "Life of Major A. J. Russell," and also in attendance upon the special missionary service at the M. E. church, South, on Sunday afternoon.

The telegraph office, which has been in operation at this place for a week, is steadily progressing under the able management of our operator, Mr. Morrissey, of Savannah.

We are very sorry to note that Mrs. L. K. Smith has been on the sick list for the past week, but we are now glad to say that she is improving, and her friends are pleased to see her around again.

Mr. Howard, who represents Wood & Co., of Jacksonville, was calling on our merchant Monday. While here he stopped at the Jorgensen Inn, which is kept open all the year by the popular proprietress, Miss Laura Jorgensen.

Miss Carrie Jorgensen, one of Grant's brightest young ladies, is studying telegraphy under Mr. Morrissey. She expects to complete her studies in about two months, and then she will accept the position as operator at this place.

John Benson, one of our popular young men, left Friday evening for White City on a visit to his father and sister. After a short visit he returned Sunday, much to the joy of his friends, who supposed that he had gone to make his home in White City.

Mrs. P. Nelson, who has been visiting in Miami since last Tuesday, returned Saturday. She expressed herself as having had a pleasant time, and being very much pleased with that place. Although she had spent a week in Miami, when she arrived home she said: "There's no place like Grant."

Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample, its agreeable taste will surprise you. SCOTT & BOWNE, Chemists 409-415 Pearl Street, New York.
